

Amelia Carter

Registered Nurse | Acute care and discharge coordination

Manchester, United Kingdom · amelia.carter@example.com · +44 0000 000000

PROFILE

Registered nurse with seven years of acute-care experience supporting safe treatment, clear patient communication and coordinated discharge planning across busy medical wards.

SKILLS

Patient assessment, medication administration, discharge planning, safeguarding, clinical documentation, multidisciplinary care, mentorship

EXPERIENCE

Registered Nurse — Northfield Teaching Hospital | 2022–Present

- Coordinated care for up to eight acute medical patients per shift while maintaining medication, escalation and handover records.
- Introduced a discharge checklist with pharmacy and therapy teams that reduced missing follow-up instructions in a three-month ward audit.
- Supervised six student nurses through documented objectives, observed practice and end-placement feedback.

Staff Nurse — Riverside Health Trust | 2019–2022

- Completed admission assessments, care plans and escalation using the trust's early-warning protocol.
- Supported a patient-information review with the ward team and rewrote two leaflets in clearer language.

SELECTED PROJECTS

Ward improvement project: Mapped delayed discharge causes for 40 patient journeys and presented the findings to the multidisciplinary team.

EDUCATION

BSc (Hons), Adult Nursing — Example University, 2019 · Active NMC registration (fictional)
